

Renegade Rustlers Run Rampant

It's that time of year again, when everybody dons a costume and goes out for tricks and treats. Your pal, Raunchy Rick has alerted you about a group of renegade rustlers more interested in tricks than treats, intent on rustling your prize Pembroke cattle.

2. Pumpkin Posers Pay For Pilfering Pembrooks

Scenario

You make your way to the barn and find a bunch of those pumpkin-headed pilferers herding your best Pembrooks out of the barn. But, they see you, go for their guns, and the fight is on!

<u>Ammo</u>	5 Pistol (10 for two-gun shooters), 10 Rifle, 4 Shotgun
<u>Targets</u>	5 Pistol, 4 Shotgun, 4 Rifle, derringer/pocket pistol
<u>Props</u>	None

3. PUMPKIN CHUNKIN'

Scenario

As you stack wood for the next season, you see some of those pumpkin heads trying to get the drop on you.

Ammo	5 Pistol (10 for two-gun shooters), 9 rifle, 6 shotgun
Targets	4 Pistol, 2 Shotgun, 3 Rifle
Props	Pumpkin, rifle and shotgun racks.

Starting Position

Shooter standing at center of mat with pumpkin in hand(s).

Procedure

When ready, shooter says, *"I'm gonna turn you pumpkin poachers into pie pulp!"*

Shooter takes the pumpkin and "bowls" it out to the pistol targets. Timer instructs shooter whether to shoot at the pumpkin or not, then starts the timer once the pumpkin stops rolling.

If the pumpkin gets past the pistol targets, then the Shooter draws their first pistol and fires five shots at the pumpkin. If the pumpkin is less than five yards away, then the shooter must step to left and engage the pistol targets, 1-3-4-3-1. Holster pistol. Second gun always shoots 1-3-4-3-1. So, if the pumpkin rolls far enough, first gun is pumpkin, second is on steel. If the pumpkin is too close, both guns are on steel. DO NOT hit the STAR target- that's your boy who just bolted out of the shed when he heard shots! Save him by dispatching the vermin! 10 second penalty if this target is hit.

Shooter then moves to right and engages rifle targets 1,3,2,1,3,2,1,3,2 then clears rifle and places open rifle back in rifle rack.

Shooter moves to shotgun rack and engages shotgun targets 1-1-2-2-1-1 for a total of SIX rounds. Shooters may load as many as the gun will safely hold, single load is OK. Misses CAN be made up IMMEDIATELY AFTER it is missed. Swinger must move to be scored a hit or be re-engaged until hit. Last shot stops the clock.

Time stops.

4. TURKEY TIME

Scenario

Yes it's time to set the table, and to fill it with some tasty and satisfying food! Time to show your skill with the rifle, and earn a "Turkey" for your efforts.

Ammo	10 Rifle per stage (Pistol Caliber Only)
Targets	6 Rifle, positioned in pairs at 25, 50, 75 yards.
Props	Chair, two rifle racks, shooting sticks, shooting mat if desired.

Staging: Shooter seated in chair, standing, prone or other safe position. Loaded rifle in shooter's hands, in port arms position, prone position, or other position of choice when shooting begins.

Start: At the sound of the buzzer, shooter will engage closest targets in any sequence as long as the targets are Not double-tapped (ie targets must be shot one then another, not repeatedly for two or more consecutive shots).

Scoring: **READ CAREFULLY!** The shooting is done in three stages, with best shooters moving on to successive stages. Record both Hits and Time for each participating shooter. Best number of Hits wins for each shooting stage, with time to be used to break ties. All shooters proceed through the first stage of targets (closest targets). The best 50% will shoot the second stage of targets. Top 50% of these shooters then shoot the third target stage. Record winner of 50% that shot the second stage but did Not proceed to third stage- the Posse Runner Up, and winner of third stage- Posse Champ. **THIS STAGE IS OPTIONAL!**

Posse Leaders: workers keep their assigned jobs for this stage! If needed, shooters can rotate through work stations to relieve other posse members so they can shoot.
