

WAGONS WEST

It's springtime in St. Louis and once again the weather permits the Wagon Train caravans to move the adventurous into the Western frontier.

Rick O' Shay and Shorty Morty have organized the first trek of the season and will lead the Wagon Train beyond the Rockies.

One of the many perils they will face ahead is the vengeance of Native Americans. They have been constantly pushed off their lands, against the onslaught of wagon trains and the settlements that spawn in their wake.

The fiercest of these tribes is led by Chief Heavy Bear. He and his raiders have vowed to stop the Whites from moving any more people or equipment into their claimed territory.
